

2025 Annual Report

BOYS & GIRLS CLUB
OF THE PLATEAU

A Message From Our Board Chair...

As we reflect on 2025, we are grateful for an **extraordinary year of growth, impact, and strong community support**. Together, we continue to open doors and create brighter futures for the young people and families we serve across the Plateau.

We are proud to have been recognized by Boys & Girls Clubs of America as one of **the top 20 Clubs in the nation**, an honor that reflects the dedication of our staff, volunteers, and supporters. This year also marked **meaningful growth**, including the expansion of summer programming and the opening of the Abell Teen Club, both of which are already making a **lasting impact on the youth in our community**.

At the heart of it all are the **648 young people we served this year**.

Their growth, confidence, and sense of belonging are the true measures of our success. On behalf of the Board of Directors, thank you for your **continued belief in our mission**. Your support makes this work possible, and we look forward to building on this momentum in the year ahead.

Denice Dunn

Board Chair
Boys & Girls Club of the Plateau

Youth of the Year

Alex joined the Boys & Girls Club of the Plateau (BGCP) as a kindergarten student in 2014 when the Club first opened. He was selected to represent the Club in the State Youth of the Year competition due to his strong **leadership qualities**. Alex embodies the mission of the Boys & Girls Club and serves as a testament to the **transformative effect** the Club has on children's lives.

"The first day I went to the Boys & Girls Club was when I was in kindergarten; that day **changed my life for the better**. I have been there for 11 years, and over those years, I have learned valuable life lessons and how to become a better person for my future. The life lessons that I have learned at the Boys & Girls Club will **stick with me for the rest of my life**.

The experience I have had at the Boys & Girls Club has **shaped me into a better person, a better friend, more social, and to have better skills**. The memories and life skills that

I have learned from the Boys & Girls Club will stick with me for the rest of my life.

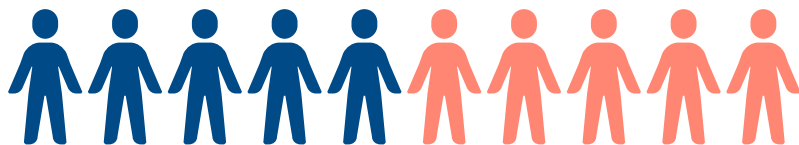

I would like to **thank my counselors that I have had over the years, the friends that I made, and the friends that I will make in the future.**"

Alex

BGCP Through The Years

Over the years, BGCP has grown from serving 109 youth to supporting more than 648 youth and teens. By providing free transportation from school to our out-of-school-time programs, BGCP helps remove barriers to participation and meets a critical need for families across the Plateau.

BGCP Founding

Thanks to our visionary founders, BGCP opens its doors in the two-room Cashiers Community Center, filling the gap between school and home.

Highlands Campus

BGCP opened the Highlands Club on the Highlands Cashiers Hospital Campus in the fall of 2024.

2014

2022

2024

2025

A New Campus

BGCP opens its 8,400 sq. ft. Cashiers Campus, along with the 7,000 sq. ft. Keller Pavilion, right in the heart of Cashiers. The new facility allowed us to respond to the rapidly growing community.

Abell Teen Club

Recognizing that teens needed their own space, the 4,500 sq. ft. Abell Teen Club opened its doors in June 2025. The combined Cashiers campus can serve up to 300 youth.

A Look Into The Future

As BGCP continues to grow, so does the need to reach more youth across our region. Our charter spans all of Jackson and Macon counties, encompassing more than 1,000 square miles of rural and mountainous terrain within the Appalachian, Blue Ridge, and Great Smoky Mountains. The size and geography of our service area create significant transportation challenges and highlight the need for additional Club sites, ensuring that every child has access to the opportunities and support they deserve.

Highlands Rec Center

The new campus will be relocated to the Highlands Recreation Center. This two-story campus will serve youth and teens.

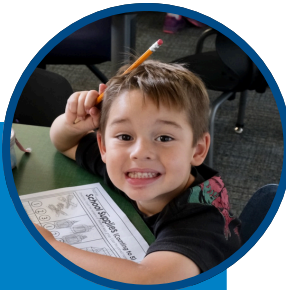

2027

2028

and beyond...

Franklin Campus

The former Union School site will be developed to support over 300 Franklin students.

Sylva School Site

BGCP is working with Jackson County schools to open a school-based site in the future.

BGCP's Impact

Outcome-Driven Program Experiences | Our Proven Approach

Health & Well-Being

100%

of club sites provide healthy meals or snacks free to members

78%

of club kids exercise for 1+ hours 5 days a week and eat 3 – 5 fruits and vegetables daily

96%

of club Teens abstain from risky behaviors, including sexual activity, smoking, vaping, drinking, and drugs

Academic Success

100%

of club teens expect to graduate, vs. 86% public high school graduation rate

100%

of attending youth receive homework help and tiered academic support

86%

of students have an A or B average by the end of the school year (Q4 grades). One quarter improves from below a B in Q1 to an A or B average by Q4.

Leadership & Service

94%

of club kids try to help when they see others in need

95%

of club kids say that the adults at Club who care about them

85%

believe they can make a positive difference in their community

Leadership & Service

95%

of club teens believe they have the skills they need to be successful in a job

92%

of club members plan to pursue post-secondary education after graduating

50%

of U.S. employers report a lack of qualified candidates with soft skills

Academic Success

BGCP offers a wide range of programs focused on three key outcome areas: academic success, health & well-being, and character & leadership. BGCP is committed to ensuring that all children, especially those who need it most, have access to a safe and supportive environment after school and during the summer months.

14

members

Read-to-Learn

A specialized tutoring program for students in grades 1-4 focused on early literacy and foundational reading skills for students who have significant learning challenges and need targeted one-on-one support to progress. Each student receives two hours of one-on-one instruction per week.

35,300

hours
logged

Power Hour

A key part of BGCP's Academic Success programming, providing daily homework help, tutoring, and other activities that can help students become curious, self-directed learners. During Power Hour, students receive homework help from staff and volunteers and complete assignments focused on literacy and math skills.

442

members

STEM

Allows students to discover and explore age-appropriate activities focused on science, technology, engineering, and mathematics. BGCP uses a combination of staff-developed and BGCA curricula that align with Science and Digital Learning standards. In addition, the Club works with the Smokey Mountain STEM initiative.

Healthy Lifestyles

BGCP's health and well-being programs include the full spectrum of mind-body-spirit wellness, including physical health and health education enrichment activities designed to increase youth physical activity by developing overall healthy habits. Our programs also meet NCDPI's K-12 Physical Health Education Essential Standards related to motor skills, movement concepts, health-related fitness, and personal/social responsibility.

36,525

hours
logged

Triple Play

BGCA's comprehensive health and wellness initiative that strives to improve students' overall health. TP seeks to increase physical activity and creates a space for students to learn new sports, skills, and cooperation. Play time and field trips are an important part of our TP curriculum.

40,000

snacks
provided

Snacktivity

Snacktivity is a program that blends hands-on cooking with intentional nutrition education, teaching Club members how to make healthy food choices. Youth learn about the importance of nutrition while preparing simple, wholesome snacks and building life skills with a focus on healthy habits.

800

lbs of fresh
produce

Dirt Club

A program that ignites members' curiosity as they learn a wide range of valuable skills and knowledge related to gardening, environmental science, nutrition, and sustainable living. Dirt Club students learn the basics of gardening, including preparing the soil, planting seeds, and watering plants as they grow.

Leadership & Character

At BGCP, we are committed to helping every young person develop the character, confidence, and leadership skills needed to thrive in school, relationships, and life. Through programs that recognize positive behavior, encourage responsible decision-making, and reward personal growth, Club members build resilience, strengthen their social and emotional skills, and discover their ability to lead by example. These experiences help youth develop a strong moral compass, make healthy choices, and become caring, responsible citizens in their communities.

144
YOM
winners

Youth of the Month

A recognition program that acknowledges positive behavior and peer interactions and makes Club members aware of their leadership abilities and roles. YOM candidates are voted on by their peers and receive special recognition of their efforts and contributions to the club.

179
new skills
learned

Smart Moves

SMART stands for Skills Mastery and Resistance Training Moves. It is BGCA's prevention program designed to empower youth to avoid risky behaviors and make positive life choices. The program focuses on building social and emotional skills, enhancing decision-making abilities, and promoting healthy lifestyles.

531
participating
members

Club Cash

A token economy that motivates students to be their best socially and academically. Club Cash can be earned by engaging in other academic activities, completing homework, or displaying good citizenship by going above and beyond when demonstrating the elements of the Club's code of conduct.

Teen Program

The teen years are a critical time for discovering passions, building confidence, and preparing for the future. Boys & Girls Club of the Plateau provides opportunities for teens to develop leadership skills, serve their community, explore career pathways, and learn essential life skills that will benefit them for years to come. Through these experiences, teens gain the tools, confidence, and support needed to become successful adults, engaged citizens, and leaders in their communities.

28

Members

Service Learning

Emphasizes leadership and community service. It supports young people as they develop essential life skills, become active students in their community, and build a strong foundation for future success. Students work together to identify community needs and plan projects to help.

120

Members

Life Skills Training

Prepares teens for all of life's challenges, regardless of their future careers. Teens learn essential life skills, such as meal planning, cooking, money management, financial planning, professional dress, effective communication, and safe decision-making.

84

Members

Workforce Readiness

These activities help prepare teens for college and careers while offering the opportunity to earn a stipend. Program leaders guide the teens through career exploration activities to help them find their passions. As teens discover their interests, they are assisted in developing skills that will make them more employable.
